

EXPERT WITNESS

To complement our traditional advisory services, we offer expert witness services with a specific focus on construction and engineering-related cases. Each of our experts have decades of real-world construction industry experience and bring an abundance of technical knowledge to each expert witness engagement. In addition to providing expert witness services, we can also support a law firm's litigation team by advising on various technical aspects which are salient to a claim or dispute. Areas where PRG can add value include:

- Expert Witness Services (State and Federal Court, and ADR)
- Litigation Support/Consulting
- Dispute Resolution Boards
